**Mortgage Brokers and
Loan Officers
using
Contract Loan Processing
are more successful.**

Here's why...

Michelle Dearing

- Most Mortgage Brokers are experienced loan officers and do not have the expertise or the time to be a processor.
- Loan Officers and Processors are two different animals and require two different skill sets.
- **With an Experienced Contract Loan Processor you will immediately be as professional as the largest companies.**
- When your goal is to secure more mortgage business, NWA Processing will help you meet your goals. We worry about the details while you bring in the clients.
- I'm a graduate of the University of Arkansas with a degree in finance and accounting. I'm experienced in real estate, mortgage banking and Corporate finance /auditing. I'm a licensed loan officer as well, so I understand the challenges of originating and the importance of managing expectations of realty agents and clients. I'm ready to be your business partner and free you to be the best Loan Originator you can be.
